How did you hear about Fix 'Ur Cat?  
\_\_\_\_\_

**Money orders/checks payable to:**  
Fix 'ur Cat

**Complete and return your application & check or  
money order to:**

Pat Sphar, 2460 Old Washington Rd., Pittsburgh, PA  
15241

**Your reservation will be confirmed for the next  
available clinic upon receipt of your application  
and payment.**

**Questions: Please call Pat 724-405-7349 or  
Michelle 724-503-8523/mitchbruce@gmail.com**

- If you cannot keep your appointment please contact us as soon as possible. Friendly cats – 48 hours / trapped cats by 4 p.m. the night before a clinic. Low cost spots are at a premium. Your no show means that someone else's cat cannot be done.
- Kittens must be a minimum of 3 pounds to be neutered/spayed and receive a rabies vaccination.
- Cats should be in good health and should not eat after midnight the night prior to surgery. See page 2 for detailed surgery instructions and info about kittens.
- One Cat per secure, hard-sided, clean carrier please. The cat should be able to stand up and turn around in the carrier. We cannot accept multiple cats in one carrier for their own safety.
- **Please double check that your carrier is securely locked!**

**Complete a separate form for each cat.**

Name of Cat: \_\_\_\_\_

### Animals considered eligible for surgery

Kittens weighing at least 3 pounds (surgery & rabies vaccination)

Pregnant or in heat animals

### Animals NOT considered eligible for surgery

Any cat with: Nasal discharge – Seizures – Heart murmur – Poor body condition – Severe skin disease – Severe diarrhea or vomiting – Severe flea infestation in kittens

### Pre-Surgery Fasting Instructions

- Cats 5 months of age and older should have no food after midnight the night prior to surgery. They **CAN** have water.
- Kittens 4 months of age and younger should eat a small meal and drink water at 5:30 a.m. the morning of surgery. Food and water should be pulled at 6 a.m.
- Trapped cats should receive food and water in the trap as per the above schedule. Trapped animals should be covered, and kept in a temperate, dry, quiet location until delivered for surgery.

### Cat Sterilization - \$45

Spay/Neuter, Rabies vaccination.
